

ESCAPE FROM LA

Sanitation & Safety Policies

Your safety is our foremost concern.

Here's what we're doing to ensure a

Safe experience for our guests.

Disinfecting Between Every Game

Game areas & common areas are disinfected between groups. We have added re-set time between games to make this possible.

All Private Experiences

Play only with those you bring. We will never add strangers to your experience, and our game masters will stay 6 feet from you at all times.

Employees Must Wash Hands Every 30 Minutes

And before every room reset. Employees will also be wearing masks and gloves during resets.

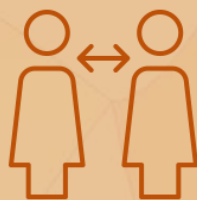

Sanitizer & Masks Available

Masks, hand sanitizer & gloves are available at all times. Sanitizer push bottles placed in every game space.

Distancing In Common Areas

Access to our lobby will be restricted until 5 minutes prior to booking start time, so that groups will not cross paths when arriving or departing.

Game masters will knock before entering rooms to deliver hints and assistance.
